

## CONDOLENCE MOTION

**Moved by:** Councillor Paula Fletcher

**Seconded by:** Councillor Mike Layton

The Mayor and Members of Toronto City Council are deeply saddened to learn of the passing of Chef Scott Savoie in early January this year.

Chef Scott was the founder of the Riverside Charity Antler Breakfast, Riverside Draft Beer and Wine Fest and was a member of Slow Food, the Culinary Historians of Canada and the Mycological Society of Toronto. Last year, Chef Scott was a recipient of the Ralph Thornton Community Volunteer Award for Community Betterment. His leadership with the Riverside Craft Beer and Wine Fest as well as the Riverside Charity Antler Breakfast has made significant contributions to the business community and many local residents. In 2013, Chef Scott was a leader on the Planning Committee for the food component of the Sound of Riverside, now known as Riverside Eats & Beats, and continued his work in later years to ensure the annual street festival was a big success.

Chef Scott was known for living his life to the fullest. He was always supportive of local charities and local businesses in a volunteer capacity and through his patronage.

He will be missed by his friends and colleagues.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to Chef Scott's community and loved ones.
